## "A Place for All God's People"

Camp Agape – a place where God’s children from 5 to 95 come to learn about themselves, the world in which we live, and our God who created and creates all; a place where children come to explore and experience talents they don’t know they have, skills they start to develop, confidence they gain to face the world to which they return, affirmation they receive that God loves them as they are and encourages them to grow into what they can become.

We’re excited as we look forward to the first full summer of camp since 2019, and with more facilities and program opportunities it will be the best summer ever! We even have a camp for Grandparents and their grandkids!
